SUBJECT: Discontinuance of furnishing Publications to Rumanian Official  
addresses

The Department of Commerce is in receipt of the following dispatch from the American Legation at Bucharest, Rumania:

"The Rumanian Government continues its policy of refusing to make official information or publications - with the sole exception of the Official Bulletin, the highly abridged counterpart of the Federal Register - available to the Legation or other agencies of the United States Government, etc., and continues to hold out accusations of high treason and the severest penalties for those who would offer the most routine information which is considered by the regime to be a "State secret". . . . . "

It is requested that all Rumanian official addresses abroad and in the United States be removed from all mailing lists maintained in your office. Any requests from these sources for Census publications or data should be referred to this office for handling.
